

THE DANCE ACADEMY

Summer Ballet Intensive

Mornings Two weeks

Dancers never stop dancing, no matter what the conditions. Come together with your fellow dancers and join our unique online camp to enhance your dance training.

In addition to focusing on overall technique, the workshop will encourage dance quality, creativity, musicality and performance skills. Each day there will be a ballet technique class including pre-pointe and/or pointe. This will be followed by a class comprising of one of the following, Contemporary, Broadway, Variations and Choreography. For the remainder of our morning we will work on the creative side of being a dancer. Each student will choreograph a solo that will be presented on the last day of camp together with select variations learnt in class.

With personal attention and assistance from the Dance Academy teachers, students will choose their dance style and music for their solo and we will work with them during rehearsal time to elevate the level of their performance.

Each student will receive a video of their solo.

Please email danceacademy@san.rr.com if you have any questions.

Session I: June 22-July 2 (no camp July 3)

Camp time: 9:30-12:00

From: Age 11

Fee: \$360
